

Coyote Creek Math Challenge

Geometry

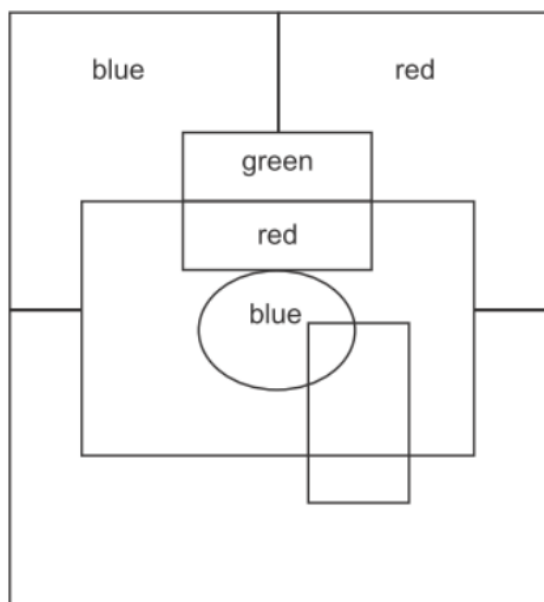

You can complete your solution on the BACK of this paper or use your own paper.

To enter the prize draw
place your solution in the
MATH CHALLENGE
box at the office!

Don't forget your name
and division!!

Can you finish colouring this picture so that it has a total of FOUR or less colours?

- Someone has already started using the colours blue, red, and green
- The same colour CANNOT be side by side
- The same colour CAN touch, but at only one vertex

Label or colour each section for a complete solution.

Math Challenge Solution!

Name: _____ Division: _____
